MEMORANDA.

The Waiwale reports that the W. G. Hall has been weatherbound for two days at Nawiliwili, and has not been able to discharge any freight.

One of the Waiwale's boats was swamped at Kilauea, by a heavy sea. Thirty-one bags of sugar were lost and 19 were badly damaged.

NEW TUG FOR KAHULUI.

SAN FRANCISCO, January 31.—One of the first, if not the first tug to be taken to the Island of Maui, is now lying at the foot of Mission street nearly ready to leave for the port of Kahului. The boat was specially designed and constructed by E. W. Tucker for Alexander & Baldwin, which firm will send their new boat down on the next trip of the Metha Nelson. The tug is fifty-seven feet in length, with powerfully built engines, and will take the place of a small steamer now being used as a towboat at that port.

STRATHGYLE IS RELEASED.

SEATTLE, Wash., Jan. 25.—Acting under instructions from the quartermaster general, Major Rubien yesterday released the chartered transport Strathgyle, which was to have taken a cargo of 3,000 tons of grain and hay to the Philippines. The reason for the release of the ship lies in the fact that there is no immediate demand for forage in the Philippines.

In all probability one of the steamers owned by the China Mutual Steamship Company will be chartered by the government to take the hay and grain now stored in this city and Tacoma to Manila. Frank Waterhouse, general agent for the company is now in Washington.

The Yang Tze will not be chartered to the government, it is stated on good authority, as she is now loading grain on the Sound for Great Britain.

BIG PURCHASE OF LUMBER.

SEATTLE, Washington, January 25.—Pugnet sound lumber men are greatly interested in a contract which is to be let next week by Major Rubien, local quartermaster of the United States army, for the furnishing of 3,000,000 feet of lumber. The lumber, as has been told in the Post-Intelligencer, is required for the construction of the new construction of barracks in the Philippines and is to be shipped as soon as possible to Manila.

The bids will be opened by Major Rubien next Saturday at noon. It is said that certain lumber mills at Portland have asked for and received specifications on the contract with a view of competing with Puget sound mills. Inasmuch as the mills on the Sound have heretofore furnished large quantities of lumber to the quartermaster's department in competition with outside concerns, little fear is entertained that the contract will be taken away from the Sound.

The material required is boards and dimension stuff. It will probably be shipped in two lots.

SALE OF BARK THEOBALD.

SEATTLE, Washington, Jan. 27.—The bark Theobald, one of the oldest and best-known sailing vessels on the Pacific coast, has been sold to John Rosenfeld's Sons, of San Francisco. She was owned in Seattle by the La Conner Trading & Transportation Company. Joshua Green, of the company, returned yesterday from San Francisco where the sale was consummated. Mr. Green went to the California metropolis three weeks ago to collect damages for injuries done to the Theobald by the British bark Invermark, January 3, while the vessels were lying in San Francisco harbor, the Invermark dragged her anchors and collided with the Theobald, doing considerable damage.

As satisfactory terms of settlement could not be arranged with the owner, George Milne, Mr. Green and his associates have instituted suit against the Invermark.

A SUPERFLUOUS QUESTION.

Here is one of the most shameful features of the Leavenworth tragedy: Fully one-third of the crowd that witnessed the burning were women, and there were hundreds of school children in it. School was dismissed just as the fights with mobs in the city began. There were a few hundred negroes in the crowd and the younger ones among them joked and acted as did the whites during the half hour it required to tie Alexander to the stake.

To ask whether the influence of the lynching was good or evil is superfluous.—Springfield Republican.

SENSATIONAL ENOUGH.

It is reported that Miss Mary Condit Smith has sold the diary she kept through the siege of Peking to a publishing firm for \$10,000. From the harrowing account given of the women's pistol practice during the siege in preparation for suicide, it would appear that the diary had been made sufficiently sensational to warrant the price.—Springfield Republican.

Some Facts.

Read This.

So Much Is Said

And done in advertising to mislead the public that it is hard to pick out the grain from the chaff. Everybody says he's got the biggest stock—that his goods are better made and that he sells at the lowest prices.

Here are a few facts that our brother clothiers in Honolulu can't dispute: This is the only store in Honolulu that sells ready-to-wear clothing exclusively. We MUST have variety and sizes to fit you, because we have no (big profit) made-to-order department to fall back on.

We have two stores—each filled to overflowing with bright, new merchandise—every inch of space crowded. No other stores in Honolulu use more than one store for sale purposes.

We buy every stitch of our own goods for spot cash. We certainly ought to own our goods at bottom figures, and we only grow bigger by selling that way.

Nothing is too good for our trade. Suits this season as fine as cloth can be woven—up to \$25.00.

This motto rules the business. If you buy it here and it goes wrong, it is made right and your money back if you want it.

Another Large Shipment of Angle Lamps**"THE ANGLE LAMP"**
The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (costs no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.50 up.
